Policies and Procedures Regarding Continuation In and Termination from Educational Programs
Katie Humphreys, Interim Registrar
Spring 2012

Admission Cancellation
Student enrollment carries over from one term to the next. If an undergraduate student does not complete the semester in which they were admitted, and does not defer their admission, their admission status will be cancelled at the conclusion of that semester. This policy will be outlined on the Admission website and included in the fall 2012-spring 2014 undergraduate catalog. If a student wishes to re-enter the University after being cancelled, they will need to reapply.

Cancellation of Registration
The registration of a student who is ineligible to attend the University is subject to immediate cancellation. This policy is outlined in the undergraduate catalog.

Discontinuation for Nonenrollment
If a continuing student does not enroll in or complete two regular (fall and spring) semesters in a row, their enrollment status will be discontinued approximately two weeks after their second regular semester of nonenrollment. This policy will be outlined on the Registrar website and in the fall 2012-spring 2014 undergraduate catalog. If a student wishes to re-enter the University after being discontinued, they will need to re-apply.

Withdrawal from University
Students who wish to formally withdraw from the University must visit the the Enrollment Services Center where they will be advised regarding implications (such as financial aid and the re-entry process). A Total Withdrawal Form is filled out and will be processed within two weeks. If a student wishes to re-enter the university after withdrawing themselves, they will need to re-apply. This policy is outlined in the undergraduate catalog.

Student Conduct Withdrawal
Undergraduate students may have their admission or enrollment cancelled due to student conduct issues. Student Conduct withdrawals are processed within two to three business days of being received by the Registrar's Office. This policy is outlined in the Student Conduct Code and is available on the Student Conduct website.

Administrative Withdrawal
A faculty member or administrative staff member may request a student be administratively withdrawn under certain circumstances. Cancellations will be processed within two to three business days of being received or approved. Students have the right to appeal this decision to the Faculty Senate Academic Standards Committee. This policy is outlined in the undergraduate catalog.
**Academic Suspension**
If the UNLV grade point balance of a student already warned by probation falls to -15 or below, the University will suspend the student for a minimum of one calendar year. A suspended student will not be allowed to take any UNLV credit courses. Suspensions occur at the end of regular (fall and spring) semesters, once all grades are received for all students. This may take up to six weeks after a semester concludes. After one calendar year, a student may petition for reinstatement. If a student wishes to return prior to one year, they may appeal to the Faculty Senate Academic Standards Committee. Note: Students may be suspended from their academic college without being suspended from the university as a whole. The timeline may vary slightly but the reinstatement process is the same. This policy is outlined in the undergraduate catalog.

**Cancellation of Classes**
The University reserves the right to cancel any class in which the enrollment is insufficient to warrant the offering of the course or for reasons beyond the University's control. The academic department offering the class will notify those registered of the cancellation in a timely manner. This policy is outlined in the undergraduate catalog.

**Voluntary Health Withdrawal**
Students may appeal for a voluntary health withdrawal under certain circumstances. This process is handled through Student Wellness and is outlined on their website. All appeals are processed in a timely manner.

**Retro-active Withdrawal**
Students may appeal to be retro-actively withdrawn from a course due to unfortunate and/or unforeseen circumstances. Such an appeal must be presented to the Faculty Senate Academic Standards Committee. If a student wishes to receive tuition and fee reimbursement for courses, they must appeal to the Tuition and Fee Appeal Committee. These policies are outlined on the Faculty Senate and Student Account websites. All petitions are heard and approvals processed in a timely manner.
